

The game of froggers' goal is to start at the purple grass (bottom) and cross both the road and river in order to reach the green grass (top). While crossing these barriers you will have to avoid obstacles. You will have to dodge cars on the road. Once you pass the road you'll have to cross the river by hopping on turtles and logs without falling into the water. If you are to fall into the water or be hit by a car you will die and be reset to the beginning.
